Prior Presentation of New Claims

Claims 16 and 65-71 were previously presented for examination through the cumulative changes in the Preliminary Amendment of July 1, 2003, Preliminary Amendment of September 14, 2004, Amendment Under 37 C.F.R. § 1.111 of October 27, 2004, and Amendment Under 37 C.F.R. § 1.111 of September 2, 2005.

Applicant submits that the listing of claims herein is the same as the listing of claims in the Amendment of September 2, 2005, with the exception of: i) the cancellation of claims 32-35, 37-39, 48-51 and 53-55 through the present Amendment; and ii) formatting changes involving the underlining of all pending claims that were previously presented as new claims.

Prior Art Rejections

Claims 32-35 and 37-39 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 26-29 and 31-33 of copending Application No. 10/612,013 (hereinafter "the '013 application").

Claims 48-51 and 53-55 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 42-45 and 47-49 of the '013 application.

Claims 65-71 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 26-32 of U.S. Patent No. 6,680,975 (hereinafter "the '975 patent").

AMENDMENT UNDER 37 C.F.R. 1.116 and 1.173
U.S. APPLN. NO.: 10/609,438

ATTY DOCKET NO.: Q75265

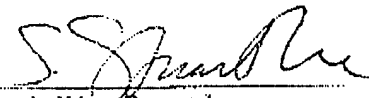

With the cancellation of claims noted above, only the rejection of claims 16 and 65-71 under double patenting over claims 26-32 of the '975 patent remains and all other rejections are now moot.

The rejection of claims 16 and 65-71 is respectfully traversed. Applicant, however, submits herewith a Terminal Disclaimer to overcome the obviousness-type double patenting rejection of the claims based on the '975 patent. Accordingly, the prior art rejections are rendered moot and withdrawal of the same is respectfully requested.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.
